RIO will need to reach out to respective field offices for copies of renewed DRC and Angola TDs (about 20-25) that might take a day or two the least.

Both Angola and DRC have stated that we are unable to move forward with requesting the landing permit for this flight without the copies of the travel documents. Dipnotes were due 30 days out and we are already behind the ball.

How soon can RIO provide copies of travel documents? (b)(5)

Sorry to blast you with multiple requests this morning, but we have another. RIO Africa and IOD have been working towards a large SHRC to Cameroon and DRC. We are now in a position to identify a date and will need a draft itinerary.

We also worked with (b)(6); (b)(7)(C) on this, as I seems a RON in Dakar is most logical. He doesn't think that will be an issue, with the exception of covid tests possibly being required for the crew.

Since we're shooting for October 6 for the Ghana/Senegal/Liberia so maybe October 12, or a day that week, will work for this one?

Thanks again!

Gents,

The situation in Dakar remains the same. The travel restrictions were extended until May 31, 2020 and we will not be able to have a flight crew stage in Dakar prior to that date.

Good evening,

Hear back from POST.... Both DRC and Cameroon have closed down their borders canceling all International and domestic flights. They are both focused on assisting American families. Will need to follow up again in a few weeks.
